Dear Supervisors:

ADOPTED

BOARD OF SUPERVISORS
COUNTY OF LOS ANGELES

29 August 2, 2016

LORI GLASGOW
EXECUTIVE OFFICER

**RELEASE OF UNILATERAL CONTRACT
IMPOSING LAND USE RESTRICTIONS
QUARTZ HILL ZONED DISTRICT
FIFTH SUPERVISORIAL DISTRICT (3-VOTES)**

SUBJECT

The proposed request is for the release of a recorded Unilateral Contract Imposing Land Use Restrictions (unilateral contract) on a property located in the northeastern corner of the intersection of 60th Street West and Columbia Way/West Avenue M (Assessors Parcel Number 3102-001-041) in the unincorporated community of Quartz Hill.

IT IS RECOMMENDED THAT THE BOARD:

1. Find that the release of the unilateral contract is within the scope of the analysis for the adopted Antelope Valley Area Plan (AVAP) Final Environmental Impact Report (FEIR) and is therefore compliant with the California Environmental Quality Act (CEQA).
2. Authorize the Director of the Department of Regional Planning to release the recorded unilateral contract.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

In 1987, the zoning of the subject property was changed from A-1-10000 (Light Agricultural – 10,000 Square Feet Minimum Required Lot Area) to C-1 (Restricted Business) with the approval of Zoning Case No. 86131. As part of the approval, the owner of the subject property recorded a unilateral contract with respect to the subject property. The unilateral contract was in the form of a land use covenant which, among other things, restricted the use of the property to a church.

In 2015, the subject property was rezoned to C-RU (Rural Commercial) as part of the zoning consistency update with the adoption of the AVAP. The AVAP analyzed the effect of rezoning parcels throughout the Antelope Valley, including the subject property, to the C-RU zone, and the environmental impacts of such rezoning were analyzed in the FEIR certified by the Board of Supervisors (Board) on November 12, 2014.

The property owner is requesting the release of the unilateral contract in order to create an opportunity to develop the property with uses permitted in the C-RU zone. Without the release of the unilateral contract, the property will be restricted to a church use. The Department of Regional Planning's staff (Department) has evaluated the request and believes that the release of the unilateral contract would help to fulfill the intended purpose of the property rezone to C RU. Furthermore, the request is consistent with the AVAP; the property's current land use designation of Rural Commercial supports low intensity commercial development that will serve local residents and retain the semi-rural character of Quartz Hill.

Implementation of Strategic Plan Goals

The release of the unilateral contract would help implement the County's Strategic Plan goals to invest in basic community infrastructure. By lifting the restriction of use on the site, there is potential for the addition of new "job-producing" and community-serving commercial uses.

FISCAL IMPACT/FINANCING

The recommended action should not result in any new significant costs to the County or the Department as the impacts of future development on the project site were analyzed at the time of the zone change in 2015.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The Board ordered the recordation of a unilateral contract that set forth land use restrictions and development standards on the subject property as part of the adoption of the zone change. The recorded contract restricts the use of the property to a church with customary accessory and related uses (Condition No. 3C) and requires the authority of the Board to release the provisions imposed by the unilateral contract (Condition No. 5).

The subject site is one of two properties in the Quartz Hill Zoned District that is zoned C-RU; the other property is approximately 1.5 miles east of the subject site. There are also properties zoned M-1 (Light Manufacturing) and MXD-RU (Rural Mixed Use Development) located approximately 4,000 feet east of the site lining 50th Street West. There is a mobilehome park that borders the property to the north and east, a church to the northwest, vacant property immediately west and southwest of the site, and single family residences to the south.

Churches are a permitted use in the C-1 and C-RU zone, but require an approved Conditional Use Permit (CUP) in the A-1 zone. The C-RU zone permits many of the same by-right uses that are allowed in the C-1 zone, but allows for additional rural uses such as the storage, sale, and rental of farm equipment; feed and grain sales, bait and tackle shops, boat rentals, and grange halls.

ENVIRONMENTAL DOCUMENTATION

The effects of rezoning the subject property to C-RU were analyzed within the FEIR for the AVAP without consideration to the restrictions of the unilateral contract. Therefore, the release of the unilateral contract would be within the scope of the FEIR. No additional environmental analysis is necessary for the release of the unilateral contract.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

Releasing the unilateral contract is not anticipated to have a negative impact on current services as the impacts of future development on the project site were analyzed at the time of the zone change in 2015.

RELEASE OF UNILATERAL CONTRACT IMPOSING LAND USE RESTRICTIONS

The owners of real property described in the attached Exhibit "A", the Presbytery of San Fernando, previously agreed to a record a unilateral contract on the subject property that restricts the use of the site to a church with customary accessory and related uses. The recordation of this contract was a condition of approval for Zoning Case No. 86131 which allowed for the property to be rezoned from A-1-10000 (Light Agricultural – 10,000 Square Feet Minimum Required Lot Area) to C-1 (Restricted Business). As the subject property was rezoned to C-RU (Rural Commercial) in 2015, the applicant is requesting release of the contract.

Physical address: 5827 Columbia Way, Quartz Hill

APN: 3102-001-041

The owner(s) of the described real property submitted evidence that the unilateral contract is no longer required by law.

Therefore, the property owner is hereby released from the terms of the previously recorded agreement, a Unilateral Contract Imposing Land Use Restrictions, to maintain the property as described in the attached contract dated September 29, 1988 and recorded on October 3, 1988, as instrument number 88-1589168 in the County of Los Angeles. MINUTES OF THE BOARD OF SUPERVISORS
COUNTY OF LOS ANGELES, STATE OF CALIFORNIA

Larry J. Montellh, Executive Officer
Clerk of the Board of Supervisors
383 Hall of Administration
Los Angeles, California 90012

County Counsel
Director of Planning

At its meeting held May 7, 1987, the Board took the following action:

7

At the time and place regularly set, notice having been duly given, the following matter was called up:

Hearing on proposed change of zone for 3.98 acres located on the northeasterly corner of the intersection of West Avenue M and North 60th Street West, Quartz Hill Zoned District, from A-1-10,000 to C-1, Case No. 86-131-(5), petitioned by Quartz Hill Presbyterian Church.

Don Culberston, representing the Department of Regional Planning, was duly sworn, and testified. Opportunity was given for anyone present to be heard. No oral or written protests were presented.

Supervisor Antonovich made the following statement:

"In this case, I concur with the findings and recommendations of the Regional Planning Commission.

"The proposed change of zone is consistent with the Antelope Valley General Plan and is a logical extension of existing development in the area. The applicant proposes to limit the use of the zoning to a church and will enter into a unilateral contract to this effect."

(Continued on Page 2)

Syn. 7 (Continued)

Therefore, on motion of Supervisor Antonovich, seconded by Supervisor Edelman, unanimously carried (Supervisors Schabarum and Hahn being absent), the hearing was closed and the proposed change of zone was adopted. The Board approved the Negative Declaration and certified its completion, finding that the project will not have a significant effect on the environment and that the proposed change of zone is consistent with the General Plan.

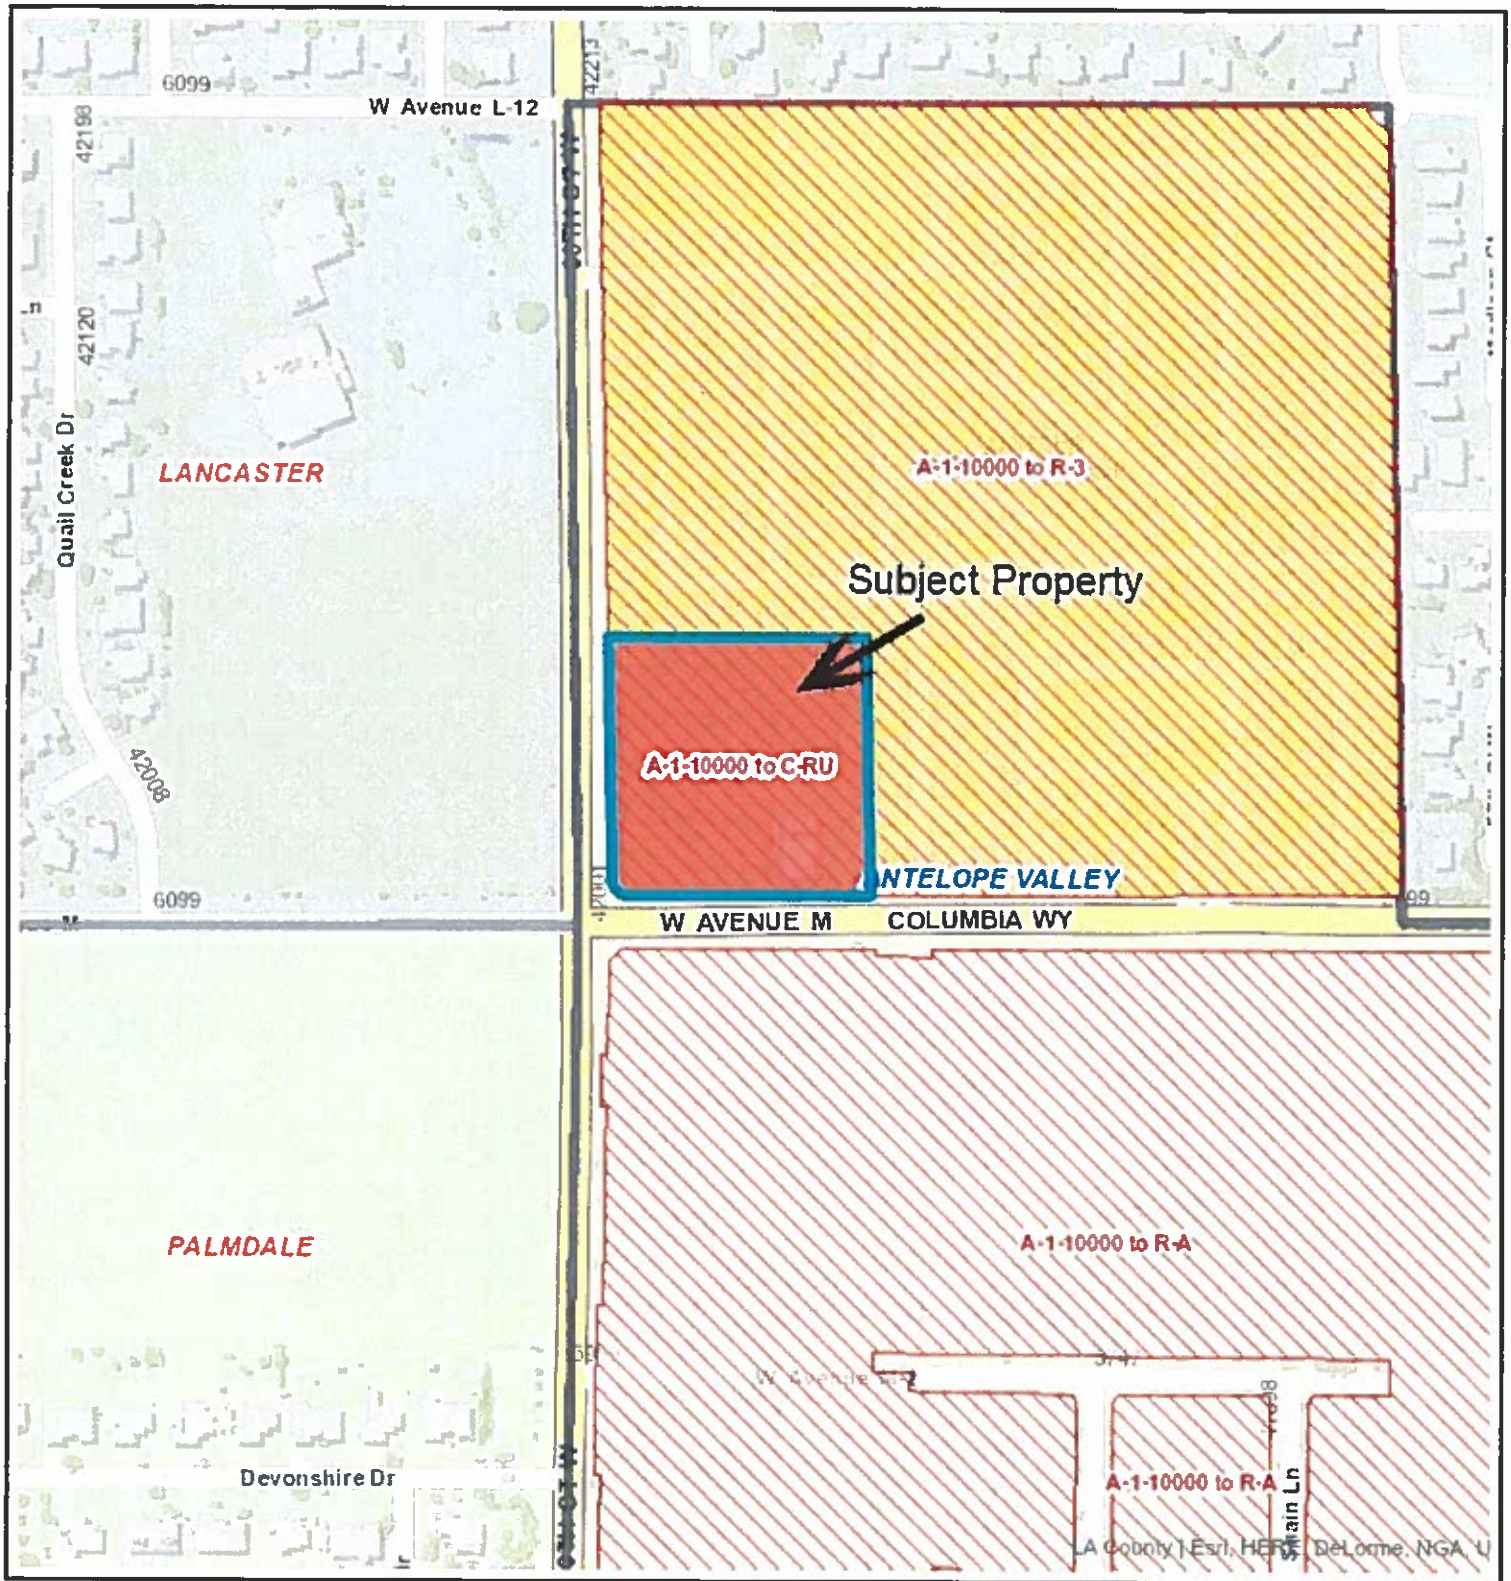

Further, the Board ordered that a unilateral contract setting forth land use restrictions and development standards to the satisfaction of the Director of Planning and County Counsel be recorded prior to the adoption of an ordinance changing the zoning classification on the subject property.

The County Counsel was instructed to prepare the necessary ordinance amendment to Ordinance No. 1494, the Zoning Ordinance, to change the Official Zoning Plan of the District accordingly.
